Enrique Urrutia

CERTIFICATE VALID FROM:

Oct 30, 2017 To Oct 29, 2018

AUDIT SCOPE:

This facility is being audited on the cooling operation only. There is processing that takes place at this facility, but is not within the scope of this audit. This facility uses well water. All melons are received, cooled and shipped only. There is no water used on the product, it is all field packed. This location is in operation starting this year from January - December. There is approximately 100,000 sq ft of cooler space and 152,500 sq feet in total. They have organic melons at this location which are field packed and are only cooled at this facility. The storage facility, the almond packing, and apricot packing are not considered part of this audit, all other buildings are being audited.
